

SAN DIEGO MODEL RAILROAD ASSOCIATION

DCC Cab Address Registration

The following table shows DCC cab address assignments in the San Diego Model Railroad Association. Assignments are made on a first-come first-assigned basis, and are valid for the current calendar year. Assignments must be **confirmed each January**. Failure to renew registration can result in the DCC cab address be given to another member.

A member desiring an already-assigned address will be added to the wait list column of the table. If or when the address is given up, the next name on the wait list will be contacted. The wait list will also **require renewal each January**. Addresses may be shared with members on other crews by consent of both members.

DCC cab addresses must be unique to prevent conflicts when plugging into the layout during operations. Cab numbers 01 to 05 are reserved for visitor single-day use, leaving SDMRRA or personal cab available addresses numbered from 06 to 64. Association owned cabs are pre-assigned 60 through 64.

Unregistered addresses may be used on a temporary basis, but it is discouraged. Please check hardcopy list to verify address is available for that day or to request permanent registration.

E-mail address registration request to admin@sdmrra.org or contact Brian Satterlee at the HO layout.
